Tool Collar Instructions

Jr. Pro & Classic Tire Changers: Remove the top stop collar above breaker bar tab collar. Replace top stop collar with Tool Collar as shown in photo. The remaining collar can now be installed as the spoon bar collar using the supplied 3" bolts as shown in Image 1.

**Jr Pro Ultimate Customers will have an extra Collar after installing the tool collar.

Cycle Hill Changers (Only compatible with Deluxe Arm Accessory) : Install Tool Collar to back post as shown in Image 3.
